ROUTE 66

«Hell yeah! Coast to coast in a Viper GTS! It was such a fun drive, I loved it! The wind, the speed, Dizzy screaming at me to slow down, it was all so amazing! Ah, don't worry, Dizzy was fine after this. Probably.»

Lézvos, Greece

Moominworld, Naantali, Finland

The minimoos kept saying they wanted to check out Moominworld, so as a responsible calfie, I brought Eimi along with me to check it out before setting the minimoos free muu. Eimi is still alive, we're both good, and they're very friendly. You're welcomed as a Family Friend so they have my approval muu!

WARM WAS THE NIGHT, THE FESTIVAL ALIGHT.
YUKATA MADE FOR COMFORT AND FOR SIGHT.
THE LOT OF US WAS WRAPPED IN COLORED ROBE.
THAT MAKE THIS PRECIOUS STOP AROUND THE GLOBE.
EXPLOSIONS OF LIGHT. EXPLOSIONS OF TASTE!
THERE'S NOT A MOMENT HERE THAT WENT TO WASTE.
A TAKOYAKI STAND. A SEAFOOD FRIED.
A FLAVOR WHICH I'M GRATEFUL THAT I TRIED.
EACH STOP A NOTE. A JOURNEY TO BE SUNG.
A TALE UNRAVELED FROM A HAPPY TONGUE.

‹NO MATTER HOW HIGH›

AN ELEGANT FIT FOR ANY OCCASION,
EVEN A CASUAL TRIP TO 600,000 FT.

Sometimes I wonder why my co-workers are the way they are, maybe I'm the normal one, maybe I'm not so broken, right Husbandt? Rie invited us out to lunch with her 'pet' but she told me we had to dress as bunny girls. I don't get it. I did it anyway. She forgot to check the time and when we got there, it was closed. Rie cried. I took pictures. Thank you for the tears Hime, much appreciated. We ate next door instead and Rie slapped her 'pet' for not finishing this food. I'm glad me and my husbandt have a more normal relationship.

DROP THE BASS

Going on a date during the summer? Any low tier normie would tell you to just take your SO to the local festival, and spend precious times playing one of those fraudulent carnie games. And maybe win a 2□ inch tall plushie for that special friend of yours. To that I say, a fat, emphatic NAH.

Real Capippalists would forcibly recruit a moldy, reclusive NEET girl from her goblin cave and hand her a fishing line.

Why?

To go fishing, of course! Nothing says summer than fishing with your loved ones!

So, go down to some hazy river and cast your line your line into the water! Who knows what you might catch, perhaps that legendary 2□ incher all your fellow Capippalists covet? A 2□ inch long catfish mayhap? Or maybe that is just what that girl you kidnapped had been packing all along...

Visita el pueblo magico México

«I thought Lia was Mexican, just as I was getting on my flight Lia sent me a message. She's not Mexican. She wasn't gonna be there. Oh God. It worked out in the end though!

Mexicans understand some Italian so I asked some to show me around the country. We went to the mountains near Puebla to see some amazing views! To the forests in the South and to Chetumal to see the big blue hole! They even took me to "Feria Nacional de San Marcos", there was so much color everywhere, during the day, at night, and they even got me this cute dress!

I didn't get to see Lia though, so I need to go back. Apparently she's on one of the islands since she's an Island Mexican, at least that's what people told me on twitter. I'll surprise her next year, maybe Mexico Island will be just as fun!»

When wandering the bustling, festively crowded streets of India, please exercise all due respect for the general populous. Aromatic degradables on the street are a cultural mainstay, and come complementary with your local purchase of chai tea. Please do not complain to law enforcement if the smell is not to your taste, as your complaint will be ignored.

For ease of transport, select from a range of available automobiles. When driving, please exercise all due caution not to crash into markets, food stalls, or passersby. We understand the stigma against drivers from this continent, but we ask that you refrain from reinforcing such stereotypes. If you cause a problem with law enforcement, all matters will be settled with rupees, so make sure to bring enough of the relevant currency. This has been your travel guide for India. Please enjoy your stay.

[the long road ahead]

The city glows with broken light,
a pixel banket for the night.
A blazing fire, faking day,
and better viewed from far away.
A park that gave a pretty view,
was best enjoyed when shared with you.
A needle poking at the sky,
beheld with wonder by the eye.
With chilling breeze, and treats of ice,
for warmth our talking would suffice.
Familiar pixels, light in hand,
that only we can understand.

Attention Darjeeling Zoo guests !

While our red pandas are very cute and funny,
PLEASE DO NOT FEED THEM! Our expert conservationists make sure they have a healthy diet. Red pandas are also a solitary species. If they begin surrounding you, hailing you as Caesar, or making untoward advances, that is most certainly your imagination.

«Dear diary,
It's me, Lumi! Look at where I've been!

Honestly, the French pastries just taste better in Tokyo! Did you see? They have Tim Hortons!

The MET Gala in New York was sooo amazing. I got to wear my best dress! Ok yay!

Ventura beach is so pretty! Wait a minute, I have tanlines EVERYWHERE.

Chyatt, Blue Lagoon in Iceland is so clear, blue, and comfy. I could relax all day! Did I just call my diary chat?

Ok yay!»

HUSBANT AND I WENT TO SEE THE UMBRELLAS. THEY WERE ABSOLUTELY WONDERFUL! I ESPECIALLY LOVE THEIR DAZZLING COLORS AND HOW THEY SWAY IN THE WIND. WALKING UNDER THEM WAS SUCH AN AMAZING EXPERIENCE. THOUGH, PEOPLE KEEP STARING AT HUSBANT, MAYBE I SHOULD HAVE GOTTEN A BETTER ART OF HIM BEFORE GOING OUT IN PUBLIC.

I take a breath and step inside
to greet the box of polished beech.
Inside are photos of the times
I can't encapsulate with speech.

Each picture fraying at the edge
the memories are brushed with grime.
The colors of the photos fade
but make the meaning more sublime.

I see the way we used to dress
with tattered jean and miniskirt.
Rebellion of the travel band
with just a little bit of dirt.

A photo of an alleyway
where we were stuck before a show.
The image captured but a glimpse
of moments that performers know.

Our instruments we played with love
the venues made to rock and shake
Excitement of coquettish song
that kept the partier awake.

The many colors of our hair,
will like the photos one day fade.
Our red and blue and pink and blonde
All equally by time betrayed.

I hold the photos in my hands
afraid they'll crumble into dust.
I want to cherish all my friends
and remember them I must.

Within the dirt and grime of life
there's something permanent that stays
A bond of song and love we shared
as into memories we gaze.

«HEY, LOOK IT'S JELLY!»

THOUGH THEY MAY HAVE ENCOUNTERED SOME DIFFICULTIES DURING THEIR TRIP, THE INVADER GIRLS WON'T LET GETTING STRANDED ON A DESERTED ISLAND GET IN THE WAY OF THEIR CAREFREE SUMMERTIME MERRIMENT! PHASE FAIR

MAY 24 TO SEPTEMBER 07

Fun Rides - Exotic Shows - Buy Coffee

Atop the world within a ferris wheel,
how glorious the two of us both feel.
The lights are dazzling like a field of gold,
an overplus of treasure to be sold.
The diamonds in our eyes are sparkling bright,
our heads are dizzy at this fearful height.
The two of us, afraid the car will whirl,
preparing for the moment that we hurl.
But fears will drift away, and we won't die,
for I'm too busy looking in your eye.
How rich I feel to have this priceless view,
but most of all to share this time with you.
Let's take a picture when we're up this high,
and make a memory that none can buy.

An evil woman, that is me,
but you were born of devilry.
You somehow managed to persuade
my loss of cash in this arcade.
I grab controls, and sway the crane:
with every loss I'm more insane.
But when I wish that I would die,
I see the twinkle in your eye.
I'll try again to get the toy
for you to cherish and enjoy.

The rain has stopped, the world now shines.
The light is breaking through the trees.
The autumn wind begins to blow,
and women wear their longer clothes.
Not to hide, but to feel it close.
The water lingers where it fell,
and draws an innocent approach,
to step barefoot in the puddles.
In the right time, in the right place,
This is all a person needs to find.

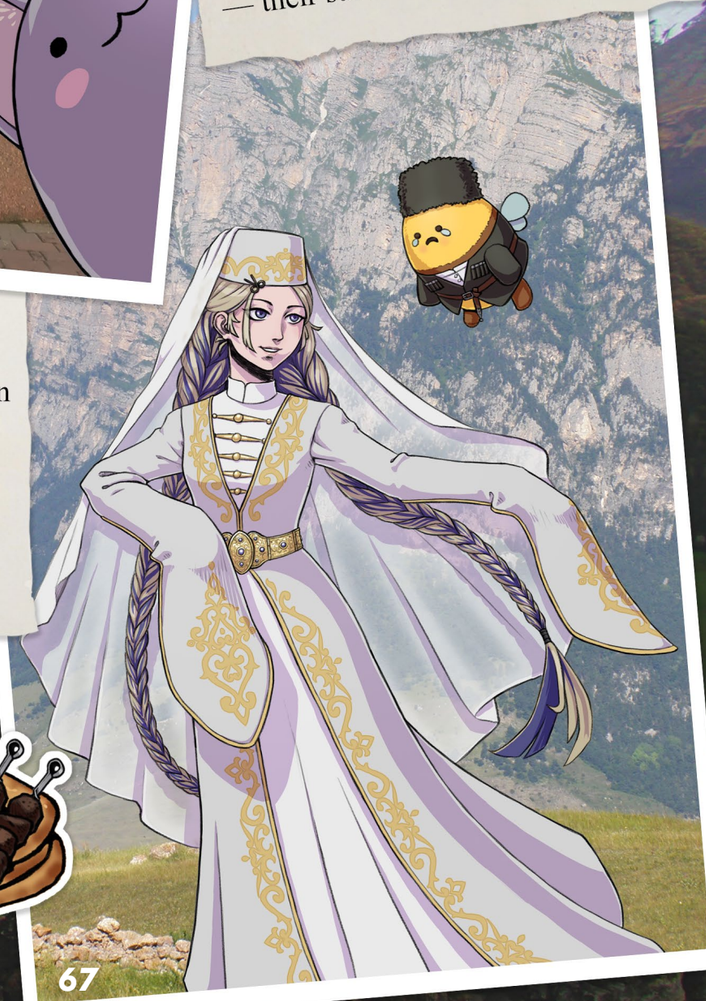
Welcome to
the Republic of North Ossetia
ALANIA

Nart Soslan is one of the most prominent figures of the Nart Epic, and a hero greatly beloved by the Ossetians. He is courageous, inhumanly strong, with skin of iron, but not devoid of basic human flaws like pride and envy.

Nart Epic is a collection of various heroic cycles and standalone tales of mythical Nart people. While it is known across many peoples of Caucasus, it is generally believed to originate within late Scythian society. It then got expanded by the Sarmatians, and later the Alans, persisting through the Mongol and Timurid invasions with the Ossetians — their surviving descendants.

Traditional Ossetian costume combines traces of Scythian and Alanian heritage with pan-Caucasian elements. Although in modern time it has long gone out of fashion, it still serves ceremonial purposes - most notably as a wedding dress.



The things we do for love.

There's so much work to do.
Like killing me for killing you.
But I no longer am afraid.
We are here together now,
Stuck forever on this train.
Stuck together, blood forever,
Oh look, the doors are open,
In comes the brigade.
I guess it's time to show them
The love that drove us insane.

Letter from the Editor

Oh, you're still here?

Thanks for reading the fourth issue of Phase Zine! Working on this project with the community for the past two years has been a lot of fun, and bringing this project together has made me proud of our volunteers.

It's not always easy to find time to collaborate and invest what few extra minutes we have in order to thank the community, and, especially, the crazy women we spend so much time watching. Seeing everyone take that time to write, draw, laser etch, 3D model, paint, and so much more to express that gratitude in their own personal way is also what makes this all worth it.

On this occasion, I would like once again to thank everyone that has contributed to this project:
To the artists that volunteered during this busy season, and have always been wonderful to interact with.
To the writers that are always ready to help bring this finished product to reality.
To Xynchro, for dealing with my personal ESL and having to DM half the world for me.
But, especially, to the girls that made it all worth it.
